BRISTOL, Feb. 10.—Judge Ira E. Robinson, William F. Hite, Birk S. Stathers and John S. Darst, candidates for the nomination for governor, United States senator, attorney general and state auditor, respectively, are the favorite candidates in Tennessee district. In fact the district is practically solid for these men. Every one of them are men of ability and magnanimity and will undoubtedly be the winners in the primary and general election. Boost and vote for them, boys, at the primary election in June—you can't go wrong; you can't do better!

DEWEY'S Made of the best Improved Care Molasses, No. 1 Green Alfalfa Meal, Corn and Oats. Sold under an IRON CLAD GUARANTEE. Gives you the most feed value. Perfectly safe to feed the year round. No matter what age, or what kind of work they do, your stock will relish it and do well on it. Especially good for old horses or those having poor teeth. Feed it instead of Oats—save money. Contains no Potash Salts and does not have the strong purgative and diuretic action of feed made with Beet Molasses. Insist upon receiving Dewey's Horse and Mule Feed. Accept no substitute—no "just as good" feed. Dewey's Guarantee. Go to your dealer, secure one, ten or more bags. If it does not prove entirely satisfactory, you may return the unused portion and it will be taken up and paid for. FOR SALE BY

J. B. SUPLER & SON, Clarksb. J. W. TETRICK & BRO., Enterprise.

Vote for the candidates who you know can win in the general election the coming November—their names are at the head of this paragraph.

Frank D. Davis, mail carrier on rural route No. 1, has asked the writer to thank the patrons, especially the school children, of his route for the kindness and many courtesies extended him during his regime as carrier, particularly during the present bad weather. Mr. Davis has served the patrons of his route faithfully for seven years, and they are unanimous in declaring him the best carrier that ever "slung mail" on this route. And in turn he declares that he has "the best set of patrons on Christ's green earth."

There was no school at Flinderton for several days last week. The teacher, Wade Curry, was summoned to his home in Nicholas county to attend the funeral of his brother.

The following excellent report for the fifth month of the 1915-16 term of the Goodwin school, on upper Grass run, was received by the correspondent from the teacher, Miss Maude Bartholme, today:

Number of pupils enrolled—Boys 10, girls 9, total 19. Average daily attendance—\$6.5 per cent.

Those neither absent nor late during the term—John L. Goodwin and Miss Daisy Goodwin.

Boys faithful in attendance—Clifford Goodwin, Durward Goodwin, Harvey Goodwin, Paul Morris, Clay Nuzum, Wayman Goodwin, Harvey Bennett and Aubra Nuzum.

Girls faithful in attendance—Dessie Goodwin, Gae Bennett, Audra Lynch, Gladys Nuzum, Lessie Furbee and Madge Morris.

The school is progressing nicely despite the inclement weather and much sickness. The pupils are industrious and studious, and have maintained the

right spirit all through the term. L. D. Wentz, of Buckhannon, will inaugurate a singing school at the Methodist Episcopal church on Indian run Saturday night. The church choir has been sadly neglected during the past and this will undoubtedly prove quite beneficial to the church and to the community at large. The people are quite fortunate indeed in securing the services of Prof. Wentz who, besides being an excellent vocal teacher, is also a teacher of instrumental music, and a master of the violin. There is plenty of good material and talent on which to work, and with the tutelage of this distinguished vocalist and musician, the singing school is almost certain of success. Quite a large number of local young people are already enrolled, and more are expected to follow.

Miss Pearl Dennison, of rural route No. 1, who has been quite ill of bronchitis for several days, is reported to be getting along nicely.

Misses Bessie Davis and Vada and Norma Bailey, of upper Indian run, were entertained Sunday by Mr. and Mrs. Howard Jones.

William Swiger was a guest at the home of Mr. and Mrs. Hiram D. Lynch at Hill Garden farm a few days ago.

Mr. and Mrs. George W. Grow, of Flinderton, were guests of Mr. and Mrs. Julius C. Matthey, of Indian run, recently.

The Rev. A. D. Adams, former pastor of the local charge of the Methodist Episcopal church, addressed an excellent sermon to a large congregation at the Indian run Methodist Episcopal church Sunday night. The Rev. Mr. Adams also preached at Grass run and Casaca Monday and Tuesday nights respectively.

John Wesley Williams, a stockman and farmer of Marshville, was a visitor to Salem a few days ago.

Harvey W. Fletcher, of lower Indian run, is ill of a severe attack of la grippe at this time.

Mrs. Anna Ritter and son, Clatus, of Grass run, were entertained at the home of her parents, Mr. and Mrs. Elbert E. Davison, of Cherry Camp run, Sunday.

James W. Marsh, of Grass run, who has been ill for several days, is able to be out again and was a guest at the home of his son, Mr. and Mrs. Worthington Marsh, of Salem Fork creek, a few days ago.

Mrs. Bertha Tate, of Cherry Camp run, who has been ill of an attack of lumbago for several days, is reported to be convalescing slowly at the present time.

William C. James and Sylvester C. Goodwin, successful Grass run farmers, were business visitors to Little Baltimore-on-Indian run the first of this week.

The exhilarating and exciting sport of fox hunting is fast mounting to the pinnacle of popularity hereabouts. Nearly every male of the species has a "hound" or two—some have three or four—and Old Reynard is kept on the go about all the time; you can hear the "baying" of the hounds at any time of the day or night—but more pronounced at night. Every kind of sport, it seems, has had to

Thin Folks Who Would Be Fat

Increase in Weight Ten Pounds or More.

"I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible despite past failures. Most thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood, much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can probably best be accomplished by eating a Sargol tablet with every meal. Sargol is a careful combination of six splendid assimilative agents. Taken with meals they mix with the food to turn the sugars and starches of what you have eaten into rich, ripe nourishment for the tissues and blood and its rapid effect has been in many cases reported remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by all druggists everywhere and every package contains a guarantee of weight increase or money back.

NOTE—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.—Advertisement.

bear the brunt of the satirist at one time or another, and fox chasing is no exception. Here is one: Two fellows were out on the hill one night while the hounds were running. One was a fox hunting enthusiast, the other was not. The hounds were yelping vociferously. The fox hunter turned to his companion and said: "Ain't that fine music?" The other listened intently for a moment, then said, "I can't hear any music for them d—n hounds."

Misses Jette and Lillian Norris were guests at the home of Mr. and Mrs. Homer Tate, of Cherry Camp run, Sunday.

Mrs. Mary Marsh, an aged lady of Raccoon run, was taken to a Clarksb. hospital Tuesday morning to undergo an operation for appendicitis. She was accompanied by her daughter, with whom she made her home, Mr. and Mrs. William Grubb, and sons, Worthington and Selma Marsh. Her condition was said to be very grave. While this letter was being written the intelligence was received here by the correspondent that she had rallied after the operation, and was thought to be doing very well.

William D. Zann, county agent, addressed a large number of local farmers at the Methodist Episcopal church on Grass run Wednesday night. Mr. Zann also addressed a good sized crowd at the Indian run Methodist Episcopal church Thursday night. Much enthusiasm was shown at both meetings and keen interest was perceptible on each occasion.

Walter Foreman Lynch is suffering from acute rheumatic pains in his knee and wrist joints at this time.

Julius C. Matthey, the leading merchant of Little Baltimore-on-Indian run, is engaged at unloading a carload of feed and flour here. He also unloaded twenty-five barrels of flour at Salem Wednesday. Mr. Matthey is doing quite an extensive business in view of the fact that his store is located out in the country, three miles from the railroad. His sale of flour alone in one day amounted to more than seven barrels—other merchandise in proportion—and also in one day his sale of country produce amounted to 102 dozen eggs and twenty-seven pounds of butter.

Mr. and Mrs. Howard Jones and daughter, Miss Beatrice, were guests at the home of Mr. and Mrs. John Wesley Williams, of Marshville, a few days ago.

QUICK HELP FOR A CROUPY CHILD SIMPLE-HARMLESS

When your child is croupy, cross, feverish, full of cold, restless and irritable, try this:

Get a small tube of NOSTRIOLA of your druggist, apply to nostrils and on chest and throat—also under armpits and on soles of feet. NOSTRIOLA is absolutely harmless (formula on every package) and this simple common-sense treatment will clear the head, instantly stop that terrible choking, croupy cough and quickly change a half-sick, fretful child into a happy playful one.

The old method of dosing the stomach for colds and croup is wrong and harmful. Get a small tube of your druggist today and you'll wish you had tried NOSTRIOLA sooner.—Advertisement.

INVENTOR OF TELEPHONE ONE OF MANY NOTABLES AT FLORIDA WINTER RESORT

Alexander Graham Bell, inventor of the telephone, is one of many notables who are spending the mid-winter months beneath the balmy skies of Palm Beach, Florida. Dr. Bell was born in Edinburgh, Scotland, in 1847. In 1871 he went to Boston, and five years later he invented the telephone and secured a patent for it. Today there are nearly 15,000,000 telephones in use throughout the world.

NEWS JOTTINGS OF SALEM CITY

Telegram Correspondent Records Doings of the People There.

SALEM, Feb. 11.—Salem Lodge, No. 76, Knights of Pythias, was honored Tuesday night by a visit from State Grand Chancellor O. Worthy West of Auburn, and Grand Prelate James W. Robinson, of Clarksb. A large attendance of members was present and refreshments were served by a committee of the Pythian Sisters. Chancellor West went from here to Wallace, to make another official visit.

A delightful event occurred at the public school Wednesday night when the entire faculty of the Central school gave a banquet and program to the college teachers and teachers from the rural schools of Tennessee district. The exercises opened with a brief program in the auditorium of the school, Miss Cornelia Harkness rendering a pleasing vocal selection. Refreshments were served in the basement banquet room, the serving committee consisting of six young ladies and members of the Camp Fire organization of the school. They performed their duties in a graceful and clever way. The after dinner speeches at which Prof. M. H. Van Horn acted as toastmaster, were delivered by Dr. C. B. Clark and Prof. S. B. Bond, of the college; Principal A. E. Lusader and others. It was a very enjoyable and profitable affair in that it brought the teachers into a closer acquaintance and social relation. About thirty-seven teachers and specially invited guests were present and the regret was expressed at the absence of so many of the teachers from the out of town schools.

A small delegation of high school students visited the Clarksb. school Friday.

A charity basketball game will be played Thursday night at the college gymnasium between the Fats and Leans, the proceeds to go to a fund for Virgil Hyde's family, he having been a long sufferer from tuberculosis.

Montville Flowers, a famous lecturer, spoke here in the local lecture course Thursday night to a large audience. This lecture course, with its high class entertainments and lectures, has been a popular and fixed community institution.

A number of local people plan to attend the Helen Keller lecture at Clarksb. Saturday evening.

The matter of a new high school building is again being discussed. Miss Alice Baker, daughter of Dr. M. Baker, who was struck by a train near Industrial and sustained serious bruises, is improving very nicely.
